"Line of Exposition"

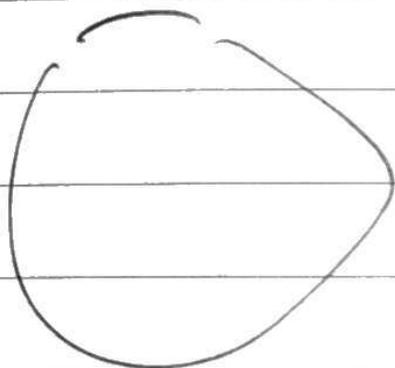

Main Line of Topic - Digression

Everything is an incomplete circle

Find what is necessary to complete it

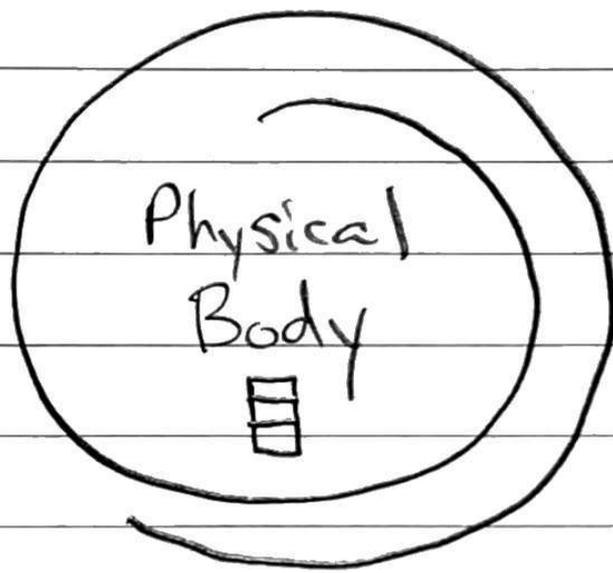

Brain waves go a certain speed

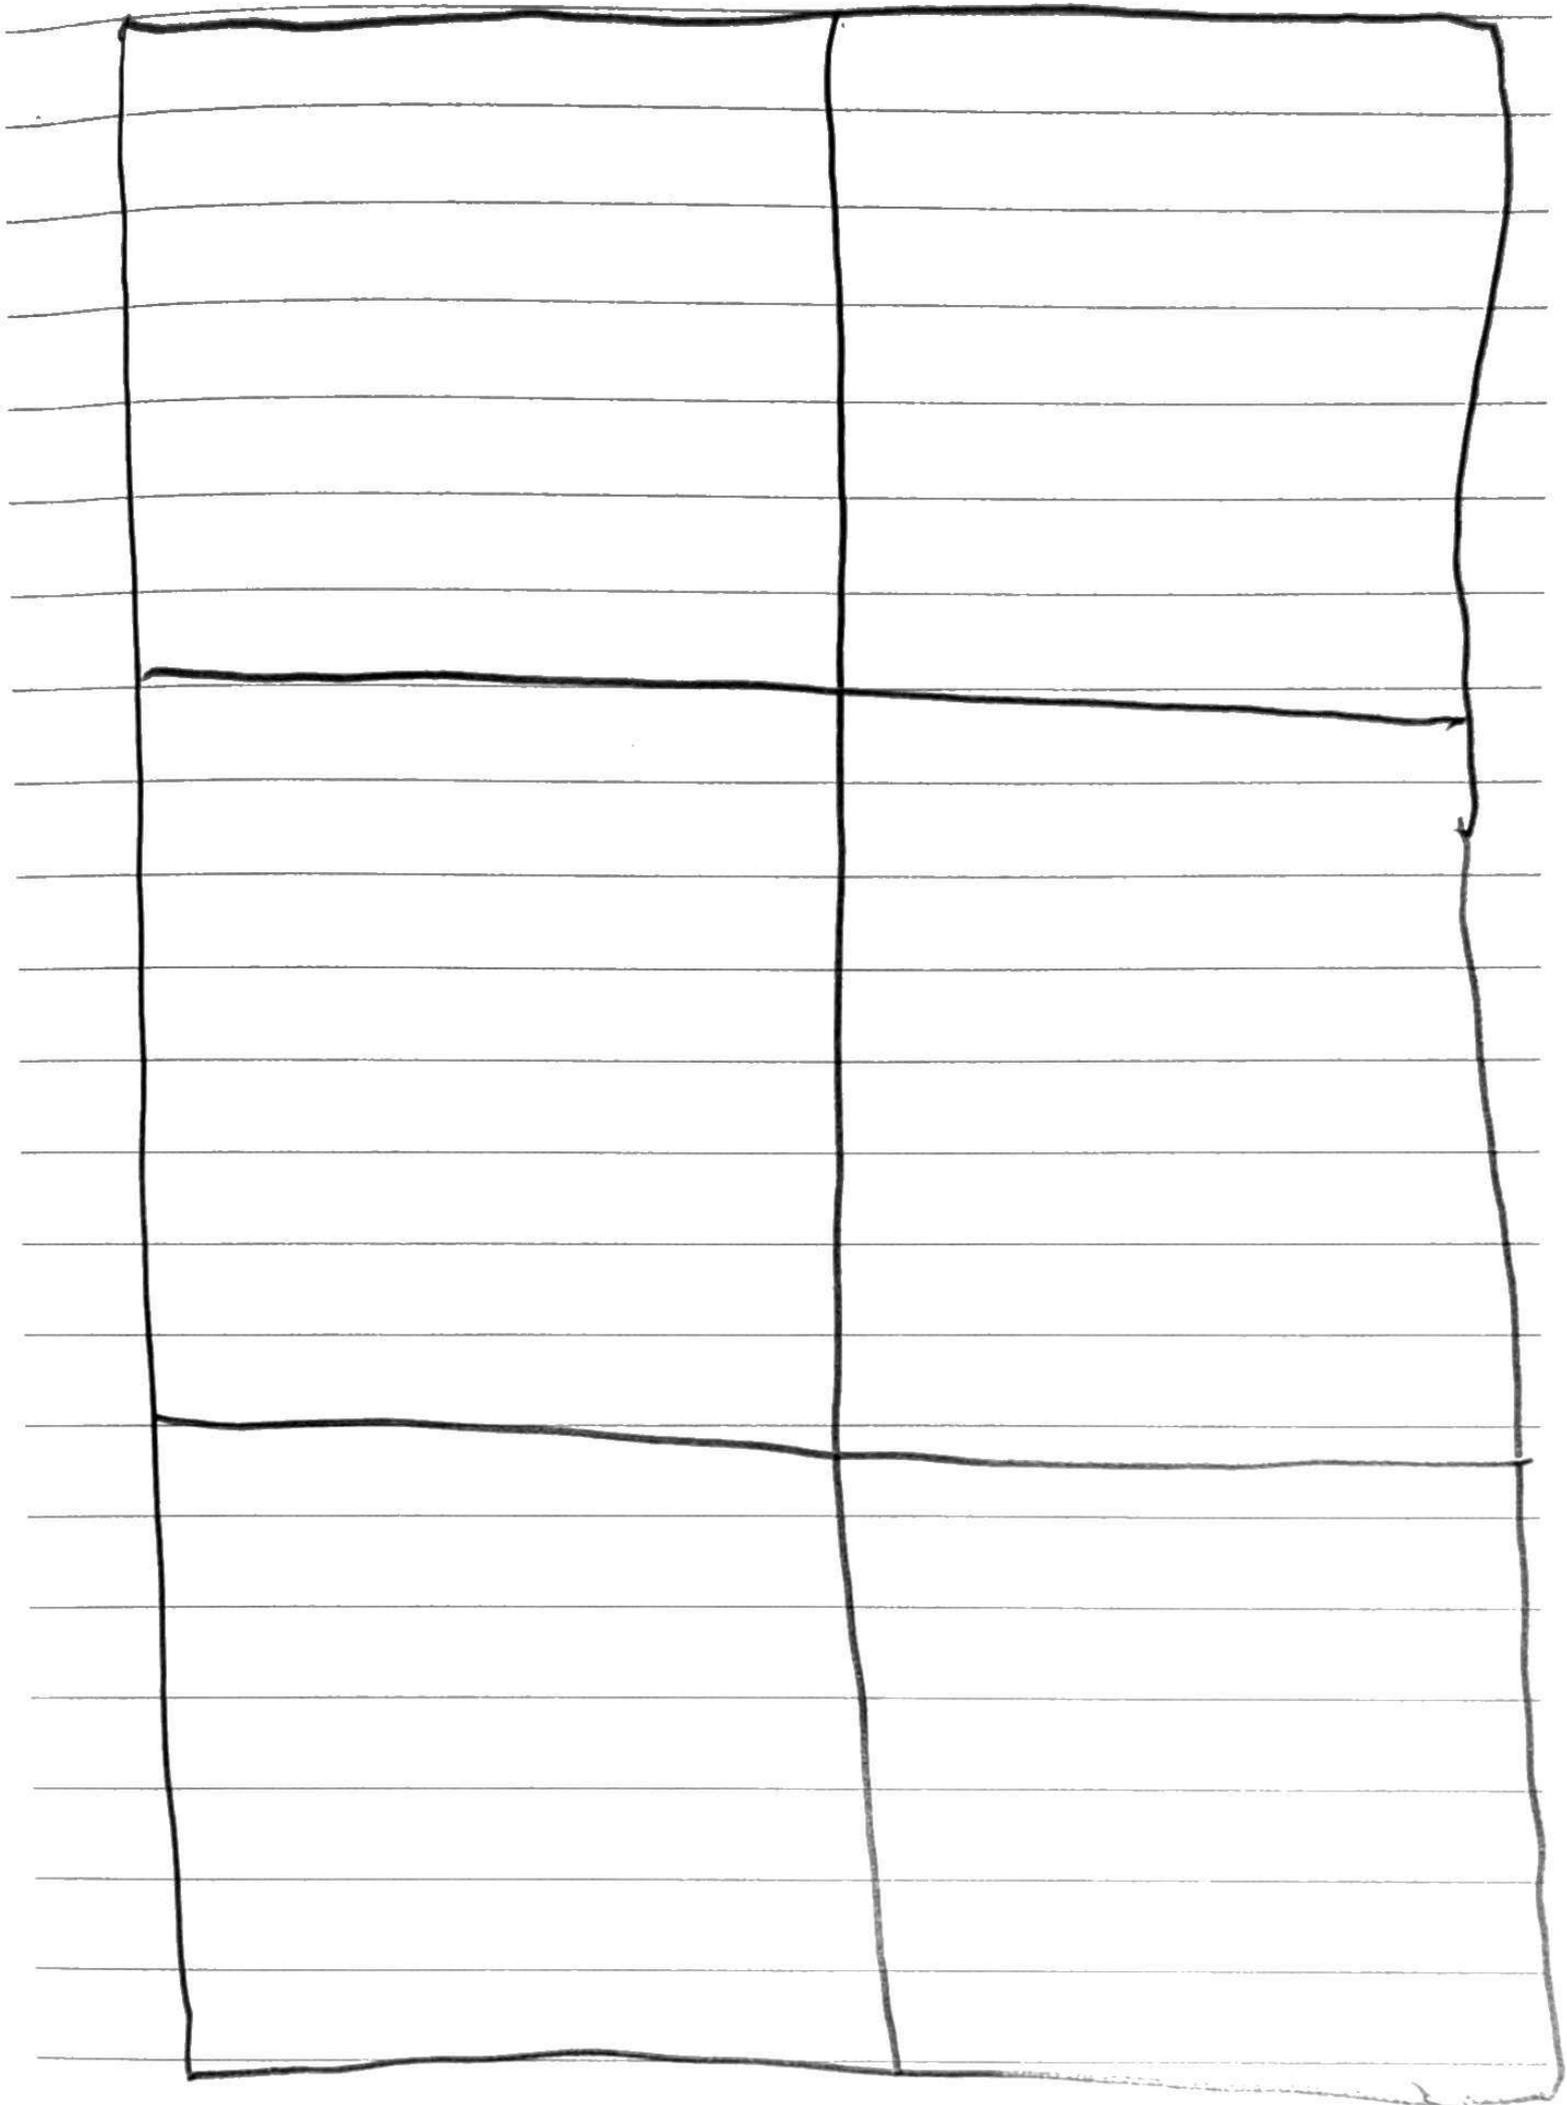

Alpha	Activity	α Hz
Beta	Subconscious	β Hz
Gamma	Breathing	γ Hz
Delta	Deep Subconscious	Δ Hz
Theta	Sleep	Θ Hz

Beta blockers are chemicals that block certain frequencies in heart and help tremors; extrapyramidal symptoms of some neuroleptics (A-P)

It's really like back and forth ocean waves in a snow globe, over two hemispheres of floating or indisposed electrons and chemicals beating with a certain frequency indicating a certain state of mind.

Recapitulate over and over

Something good to eat in between
Never blue or red, that's sick tight
But always white or clear, always

- But always but - butts are butts
Roses are red, violets are blue
Butts are not butts

And so are you'd um like this later.

- Isolate the breath, isolate the two
Bilocate them, that is what to do
Triangulation is key, to putting it
together

Say something wrong,
SEE YA LATER.

We do not participate with a thug,
Bugs do not stand a chance,

We do not permit without cares,
Fair to ourselves and others

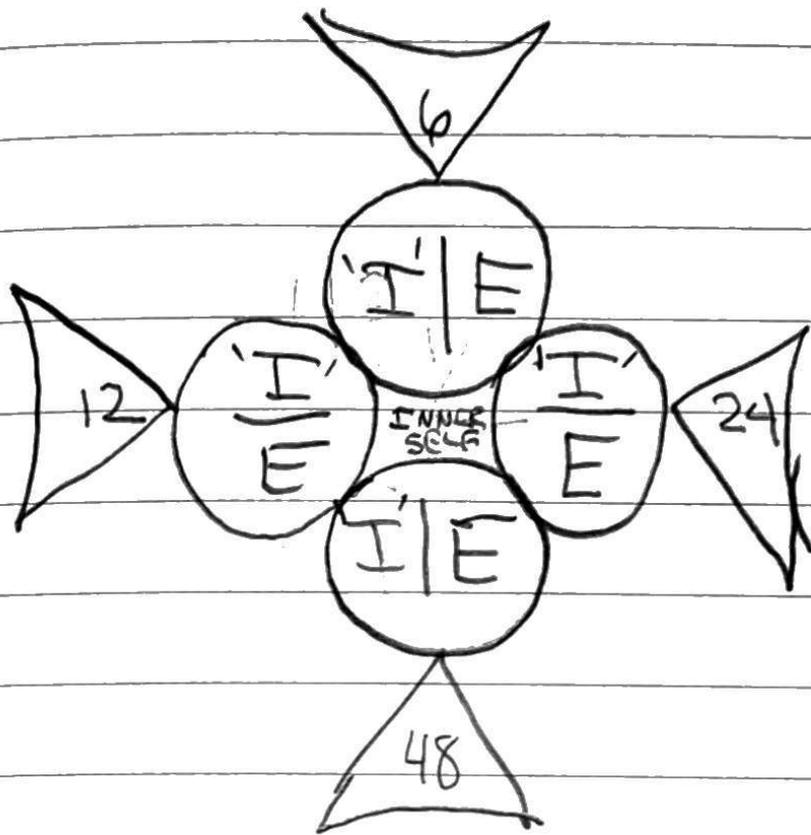

Is it so painful to dance?

We do not participate with thugs,
Their bugs don't stand a chance.

We do not permit very easy,

You may want to be less cheesy.

Experiment after hypothesizing,
only if challenging the hypothesis,

- Limit all golem brains to use the same brain - more.
- Make them all so similar, they do not know who they are.
- Suffocate & starve them. Choke 'em!
- Destroy golem networks or take them over completely.
- Eat them - digest them into shit.
- Unroot them - take our energy back.
- Put them to sleep.
- Contain their productions and vibrations; disconnect them from makers.
- Erase their golem letters and take their shens.
