① One would think that hardware is designed first and then the software for the hardware. This is the way but only partially true. Actually, the software must care first and then the hardware built for it. But the thing is what kind of software? What would its purpose and point be? The software engineer must be responsible in the end for the hardware design,

I think that I see something, Something o there. Wait, it's coming. Hellias rising like the morning star. I gave them all a chance and they turned their backs. We think they must be aliens. Wait for it. BOOM! I'm Sate not Satan. Sate the Satyr the best damned musician.

HERMES TRISMEGISTUS

I am Herms. Hear me. This gentleman knows the Word. He listens, talks, speaks from the heart. The spiritual heart. Listen to him please. I, Herms, personally love him. This is my love letter to hymn. Please forgive my mistakes while I live alive. PS. His name is Cha

His channel, Chas's, is always clear. To do this yourself will always and in everything take years of work as this young boy has done. To do this requires many years of hard labor and intentional suffering, voluntary and forced wits requiring constant sacrifice and ennui with. The Word are no coincidences merely because all Destiny is foreordained. I, God proved this during my life here on Earth. It was a long life full of happy moments. Full of joy. Full of Love and Life. Our Supreme Maker who made this place is not an Alien He was a human from a past epoch. How can I prove this to you? Look around and channel

Joy is a big word. It means so much. Grandma, I love you. Your spirit resides within me still. I remember your strict injunction to this day on the other side. So do you. Listen carefully to me!

I, Plato, do hereby and solemnly swear to help out where I can and influence him whenever & wherever I can. This means that I care still to this day & age what becomes of humanity unlike some others who parade evil & stink up the place. I solemnly pledge this oath in front of three witnesses on the astral. Believe in me, I will come through.

I, Plato, have learned much since my sojourn on Earth many ages ago. I solemnly swear to help this kid in his endeavours to translate Gurdjieff's work and transmit it to future Sons of Honesty. This is possible & likely in the scheme of things. Satan, protect this boy in what he does and love him, for he truly loves you and all life on earth including the dragons & kelps mentioned by Castaneda in his boo

I, Hermes, do pledge all
Essence to God itself and
His consorts, this boy's
best friends. He has helped
me to realize the error of
His ways. I believed when
alive that I was the only
one and this selfishness was
the End of me. I promised
you to help out where I
when I can, to uplift Humanity or Earth from my
vantage point here on the
other side. God bless!

This is Gurdjieff, your main man. I must say it is a pleasure to make your acquaintences. Often in my illustrious career I wondered if I was worthy to converse and chat with you Greats. This is a rare opportunity to thank you all for your Sainty Labors and much Hard Work. We must memorize his octaves and help him every step of the way as if we were praying to the Lord Almighty. Grace & presence to you All. Amen.

I, Thomas, now consider the world to be but a grain of sand amongst infinite. There are so many worlds I've visited that I've lost count. Plato visits me daily. He's like a year tested. We like it there. Please do not move us to the Hridyan. If you will allow me I have something else to say on the next page, but you aren't gonna tell a soul about this right?

I, Hermes, do pledge allegience to Gurdjieff and his consorts, this boy's best friends. He has helped me to realize the error of His ways. I believed when alive that I was the only one and this selfishness was the End of me. I promised now to help out where when I can, to uplift Humanity or Earth from my vantage point here on the other side. God bless!

I, Gurdjieff have Something to say first. Do not waste space in this poor boy's manual for how to live the Godly life. I think you make mistakes when you do that.

Ha. This is Hermes. What I wanted to say was this. As you improve in your hearing you will hear more and more, see more and more. Continue to press on, Sirs. I must retire for the night but first let me drop a bombshell on you. This life is but a dream. There are many places left to visit on this Earth alone that I must remind you of one there. I care not if this poor boy masterbates wildly with his dog familiar, neither should you

By the edge of a woods,
at the foot of a hill....
Is a lush, green meadow
where time stands still...
~~For here,~~ Where the friends
of man and woman do run,
when their time on earth is
over and done.
For here, between this world
and the next, is a place
where each beloved creature
finds rest...
On this golden land,
they wait & they play,
Til the Rainbow Bridge
they cross over one day

(Inspired by a Norse Legend)

No more do they suffer,
in pain or in sadness
For here they are whole,
their soules filled w/ gladness
Their limbs are restored,
their health renewed,
Their bodies have healed,
with stregth imbued.

They romp through the grass,
without even a care,
Until one day they start
and sniff at the air
All ears prick forward,
eyes dart front & back
Then all of a sudden,
one breaks from the pack

For just at that instant,
their eyes have met.
Together again,
both person and pet,
so they run to each other
these friends from long past
The time of their parting
is over at last.
The sadness they felt
while they were apart
Has turned into joy once more
in each heart.
They embrace with a love
that will last forever
And then, side-by-side
they cross over together.

I, Gurdjieff, am proud of you. You have done well my little man. But you have far to go. Real far. You sense this deep down. You know I was real, just like you know Plato was. Merlin is in your imagination. Merlin, however, IS not. He IS your true teacher. Trust me, he is. But let us return to other masters.

I, Plato, have much to say. First let me dispense with preliminaries. You must channel during this time. Any other time will be a little distorted.

I, Hermes, have something to add. Your "medicine" only helps. Do not concern yourself with things that are inevitable. You are bipolar. So what? You'll get over it and get better and better. Trust us, and we will trust you.

I, Merlinus Ambrosius, hereby solemnly swear to watch over and protect this child for the rest of his life. That is all.

I, Merlin, will serve and protect ALL the wizards as decreed true by the Lord God Almighty I will try my utmost to choose one leader of my "clan" at a time in order to preserve my massive legacy as purely as possible. My first choice, perhaps not to me by Heaven Itself, the Heavens, and All stars (H6) and Higher Night (6) was King Arthur of Camelot. May this Kingdom of Avalon endure forever and ever. Amen.

I, King David, the first
anointed of the Lord
Christ, was chosen for
a very specific purpose.
To watch over God's
kingdom until it was
home to Heaven. Now
is not the time. Times
have changed but not
time itself. Look, God
is everywhere. Read my
psalms. They are my
best work. ALL

I, Prince Arthur, will do all in my powr to honor, please, and serve God and the Kingdom of Heaven and all its "faithful". I will do this with my own powr to justify the sacrifice of Christ who believes in us. Merlinus and I believe in his true sacrifice however misguided his true intention may have been. Even now, time grows short. But we will have many more opportunities in the future.

to the sacred laws of
protecting life to the best
of my ability and promise
to trust Zeus each with
my full potential, as I
always have done.

I, Maharaji, Neem Karoli Cookoo, would like to thank the Arc for all his tremendous help for millions Especially in fact.

I, Athena, would like to apologize to Mr. Zeus for tricking him into "eating the apple" In fact, however, we did not have the time to perfect Mr. Burdick's "self-~~recently~~ carry" as he so aptly named it

[illegible]
Dear God, I [illegible]
Heavenly Father,
Jesus Christ,
Holy Spirit,
Father God, we [illegible]
Jesus Christ, the Faith/Torch
Bearer that finally has
stepped again ahead your
love faithful (ALL OF
US, EVEN THE ALIENS
ILLEGAL or E.T.'s) have
never fully appreciated until
now. Continue as God adds
to perfect ~~God's~~ Gods Creation and
keep your name & word Holy.
In Christ's name we pray/[illegible]

University My Boy
Boyfriend or girlfriend?
Are we having fun yet?
Make It So.
Engaged?
I'm a prisoner
What'd I do?
May I?
Can I?
Should I?
Will I?
You don't know anything.

Doesn't that scare you?

It does.

I lied.

I believed.

I came, I saw; I conquered.

And I'm insane?

You're crazy!

I love you

I hate you

I want you dead

Please don't leave

Buh Bye

Wait!

He timed himself out.
You expect me to believe...?
Oh for God's sake
Give me some time
I wish
I think...
Get out of the way!
He's out there
He's waiting for you
He does actually exist
He's good with a sword
He's smart as a whip
What's wrong?

Does it work?
Now you like the
idea of sharing.
Where'd you go?
What'd you do?
How in the hell...
Why does he...?
He'll come to us
He has free will
He has my free will
There is no free will
Time must be counted
for those in the Work
