Lighting a wax candle,
sparking a new flame

Waxing with NUS philosophy,
or sparking common blame;

Creating temporary connections
and discarding old attachment

Loving wise discourse ~~not~~ always;
~~not~~ eating all the pran;
stealing whatever you wish
will always cause shame.

Believe in the miraculous
and try not to cause disdain

For life is short and sweet
sour and bitter for the lame.

I wish to learn to mend bones
I wish to learn to heal teeth

I believe it is already possible
I don't yet know the secret

I feel we could do it,
without cancer or marrow.

I wish to stop pranayama
I wish to fix cracks

I wish to swat illegal insects
I'll attempt to guide the host

I feel we could save many
if we rescued the peaches
more.

Are you spending?

Do you have shade?

What is the weather like?

Who is/was with or around you? Huh?
