ALL THE WORLD'S A STAGE, AND I AM THE ACTOR

Have a second level of attention - and realize this is the next The Realm! It's shining on and on, will bring us home a home run - but there's always The Realm Online, <https://www.realmserver.com> --- and the new one, Realm JavaFlash: Reawakenings... it plays itself... you just pick a few options here and there, pointing and clicking, pressing keys, and pressing buttons, and pointing and tapping - motioning - and gesturing! And this is where we live now - in between lives - hiding out from God, the Devil, Satan, Lucifer - as if they didn't already by now have luxurious mansions built in the heavens - the stars - by their happy go lucky Jesus H. Christ, the carpenter's son, and also J.R. "Bob" Dobbs - high epopt of the Church of the Subgenius... we got this stuff locked down tight!!! Even enemies are having remorse they thought they could beat the system this time!! Everyone in is in, and everyone out is out... we know who we are - and they know who they are ---- Everybody's going to the party - have a good time - Philip K. Dick's short story "War Veteran" and the short novel, "Lies, Incorporated" --- real or fake they are good fiction to read. And also, Cortez stinks. He wanted to live forever! Sanchez and Mendez got his back.

HOW TO APPLY REALM  
TO REAL LIFE

No time in Realm, no movement, just hopping and pointing and clicking - no movement, no moving parts! Yet, it is still animated!

BILL AND TED : FACE THE MUSIC : TRIVIA

Theodore Roosevelt was the best president because a stuffed animal was made in his image to make fun of how hard he held a pillow at nights: oh those long and lonely nights, all alone in bed at night. Night!

# Bob Finds Money Funny

He really wanted to find money. He did not think it was funny. But yet, something about the money was funny.

He smelrgrgrled it for like the first time. He thought it was way too smelly. It stank even. He did not know what to do! Finally he had money, but he did not know what he was going to do with it!

The funny money was funny because it was funny, because that was what funny was, it was funny, when funny was funny. Funny money is funny money. In other words, all money comes in waves, like in the ocean, or mana from heaven, and you just need to get the pails to collect the garbage from the streets, skies, or the oceans!!! Just go out and start treasure hunting! You will find stuff!!!! Especially on The Realm!!!! Treasure hunt on The Realm, it is a very great past time. (<https://www.realmserver.com>)

## THE OTHER DAY I FOUND HELL AND HEAVEN

IN SAMUAL AUN WEOR

Look fellows, when we get the liquids, we do not want to spill the cups. And when the ladies and fellows all get together, we have the siesta. Samael Aun Weor was a Mexican Avatar of Gurdjieff and Dobbs level fury. Bob Dobbs was the Divine, Infinite, Living Avatar of Slack. Gurdjieff owned several Avatars in little statues of Buddha, Jesus, Moses, and other famous people. Samael Aun Weor was a waiter, and he always spills the cups. Until one day, someone named Mr. Matus knocked on my door, and all of a sudden, Samael Aun Weor was a Mexican. He was then a New Mexican, however. He could still go back to being Old OR New - and this would be one of his blacadvantages.

The hell of it all, is the world is a giant ecosystem - an eco-dome. And all of it is chaotic yet orderly working and convulsing, raging to colonize other planets, as we colonized other peoples from England, France, and Spain. North America owes the Chinese a great debt, and the reason Samsung is so good!!

He smelrgrgled it for like the first time. He thought it was way too smelly. It stank even. He did not know what to do! Finally he had money, but he did not know what he was going to do with it!

On the way home, I picked up every little thing! I picked everything up in order: 1, 2, 3, 4, 5, 6, 7, 8, 9, and 10!! It got very heavy but I had no hands free for more!! But I got the door open and the stuff inside, and before that, I had parked the car, and before that, I had started the car. I went out to the town, and when I was walking home for some reason I had a trail of awesome things to get, so when I finally made it home, I had everything I wanted and needed. If you didn't understand yet, this could be you too!

## CURRENT STATE OF THE FOURTH WAY

WHAT IS ALL AND EVERYTHING ABOUT?

All the things in All and Everything are Thingisms. They are Lies, Incorporated. It was a lot of hugabaloo when you were still a toddler... many things we were not certain about you! We thought you would never be the person you are today! We waited forever for that stuff to come together and finally happen!!!! The other day, we calculated you were on time, and also another person came in saying he had been waiting for quite some time! The others on the lines were also saying they had been waiting. The receptionist union was also on strike and nobody even paid any attention! Remember Alfred Richard Orage? He gave this idea that the journalists - everyone day to day seeing what is happening, recording it for posterity - were like the base of the pyramid. The middle levels going higher, were "Minor Prose" and then "Major Prose".... And then "Minor Scripture" and then "Major Scripture" as the magical capstone.

### ALFRED RICHARD ORAGE

He was a dude who worked with Gurdjieff at the Institute in France for about a year, I hear. He quit his job like a good Yeti would, when he had found his pearl of great price. He was formerly the editor of the New Age, a literary critics news paper in London, England. Many people wrote for it, and he was the editor! He put it all together, perhaps. Afterwards, he left to follow Gurdjieff and he became the leader of his ideas in North America, namely: in New York, New York, United States. He said we needed new definitions of soul, and he had found what he had been looking for for years!! Gurdjieff writes a lot about him, as well. He helped to frame, translate, and revise Gurdjieff's magnum opus, "All and Everything: Beelzebub's Tales to His Grandson" (No, Not Ally McBeal!!! Kids!!!!!!!!!! CHILDREN!!!!!!!!!!!!!! <from Stranger Things 3>) He wrote himself, like one book, "On Love"... "and psychological essays and exercises" .... It is good. Charles Daly King wrote "The Oragean Version", which prohibited publication - until it was finally published, even with the initial stricture "do not publish this, I have forbidden it" - as "The Hidden Learning"...

# Realm Enchantment Philosophy

On The Realm Online, we enchant items with sorcery. This sorcery places a spell upon the object in question. There are two spells named "Enchant Item" and "Permanency". These two spells mean you may enchant an object with certain qualities: to make you stronger (STRENGTH), to make you swifter (DEXTERITY), regenerate your health (REGENERATION)... and you cast the enchant item, and then cast the spell on your inventory. This will only work once at first. You must be prepared for many failures and risks. Sometimes, it just doesn't sit on the object. Sometimes it refuses. Other times, well, it is resistant by another spell perhaps. They do not interfere often, however. Permanency cast will lead a blade to (ELECTRIC CHARGE) bonus damage, or Poison from placing (VENOM) on the object. In Diablo II, the Paladin could have a secondary ability, that would be ambient...it would be always working in the background - to heal all party members within the aura. What other gifts have you pursued with your time? What have your purchases been covered with, but love? Also, that image over there to the right and up above? That is exactly what The Realm looks like when you are very intoxicated on the ales and wines of The Realm Online, available in taverns all over The Realm map.

## JAPANESE TRAPEZE ZEN ACT

NINTENDO AND SONY EMPLOYEES AND WORKERS CONTACTED

Please, station on. Keep possibility of changing station on. Do not take away the ability to change the station. Perhaps, a dial; a meter; a slider; or pitch controller of any other sort: but do not make it all just buttons, either. It needs buttons, triggers, keys, tricks, and tricks; things that make it seem really dangerous, while actually being harmless. This is the Neverending Story,

HE SMELRGRGRLED IT FOR LIKE THE FIRST TIME. HE THOUGHT IT WAS WAY TOO SMELLY. IT STANK EVEN. HE DID NOT KNOW WHAT TO DO! FINALLY HE HAD MONEY, BUT HE DID NOT KNOW WHAT HE WAS GOING TO DO WITH IT!

## Go To Jail; Do Not Park; Go To Jail, and Do Not Park

This is when you really get in trouble. Some how, your perception has been corroded to the point where you need help. Reality has fallen apart. People are maybe being hurt, you are being violent, and things are not looking too up and up for you. The society does not think you have a determined a useful purpose for your own life yet, and understanding this inevitability - you get hired to be clip art in some nobody’s fan zine.

## ALREADY LEAKING AT THE SEEMS

I'M LOSING IT - I BOUGHT A SAWED OFF SHOT GUN

I just take from other people's works. I think they are mine. All worlds, are just atoms. All letters, are just Adam's. Adam and Eve are dead, and there is just me! I am the new Adam, except for Sanchez and Mendez, Cortez is going to just keep looking for more! He thinks you have letters of letters even. Also, many people think emojis or emoticons is how we go through life - and yet still others, think that is too simple, and dismiss it as dressing up.

Who controls the mass of me? Is it you? Is it the Universe? Is that the Universe calling again, God? Well, I put him on Hold. Indefinite Hold. GHOST!!!! Patrick Swayze says hello.

To film a good movie, you need a good crew. You need the cameras, the lights, the sets, the action, the actors, the props, the weather, the atmosphere, the ambience, and if you are lucky a good composed musical score. If you are a nut job or a freak, you might want to watch Cloud Atlas. Haha. Awakenings. Mmhmm. The Doctor. Numbers. Practical Magic, The Craft... made.
